Short Description

Printed on silk or polyester

Description

Individually designed, personalized scarves with printed logo are a part of branded clothing or a gift for special occasions. Personalized scarves can become a great promotional tool to represent a special event, institution, school, sports club, etc.

These scarves are printed with the logo in one or more positions, with desired pattern over the entire surface or of individual design. The desired project is printed over the entire area of the scarf, in the specified colors and design. Please contact us for labelling requirements.

Due to the printing possibilities, the minimum quantity is 30 pieces.

Material: polyester or silk. Silk and polyester fabrics are produced in Italy, Germany and England.

Delivery time: Design preparation 2-3 days

Prototype preparation 10-15 days.

Standard scarf sizes: 53 × 53 cm, 67 × 67 cm, 85 × 85 cm.

Order production up to 30 days after prototype approval. Depending on

the scope of the order.

These products are made exclusively according to the customer's needs and design, so it is a great opportunity to produce something valuable and individual. When ordering a scarf with a logo, you have complete freedom to choose its design. Our graphic designers will design the project according to your requirements and fashion trends.

Submit your existing project and we will prepare a product visualization. If you do not have a project - we will help you create.

Scarves are provided in bags. In addition, hard cardboard boxes with or without a window can be ordered. Standard boxes are available in white or black. Depending on the quantity, the boxes can be produced in the desired colors.
