Description

ECO pencils SUSTAINABLE TIMBER. Sustainable timber, of which our pencils were made, refers to timber that has been harvested responsibly. This necessitates that when one tree is cut down to be used, another is planted to replace it. However, 'Sustainable Forestry' means more than just replacing trees as they are harvested - it also involves ensuring that there is no ecological damage to the surrounding environment or its native flora and fauna.

Size: 180x7mm.

Minimum quantity: 500-1000pcs.

You can view the samples in our office. Address: Konstitucijos per. 23, Vilnius.

Send us your logo or note that you would like to see on the pencil, we apply it and send the visual picture back for checking.
